Cloud Brochure Project

I am a droplet of water vapor looking for a cloud to condense in. Your job is to create a brochure to help me decide what cloud I would like to condense in. The brochure will need to include the following: title page (what is the brochure about), the four types of clouds and the information about them listed below, and the company name, logo, & contact info. Be creative and colorful!

Cloud types to include: 1) Cumulus, 2) Stratus, 3) Nimbus, 4) Cirrus

Information to include about the 4 clouds:

- What does this cloud look like? (color, shape, & other details about appearance)
- What is this cloud made up of?
- What kind of weather is found with this cloud type?
- Where are these types of clouds usually found in the sky? (High, middle or low)
- Picture

*Use your textbook and the internet to help you find the information.*

Basic layout of Brochure:

<table>
<thead>
<tr>
<th>Outside</th>
<th>Inside</th>
</tr>
</thead>
<tbody>
<tr>
<td>Cloud #1</td>
<td>Company name, logo, contact info</td>
</tr>
<tr>
<td>Cloud #2</td>
<td>Cloud #3</td>
</tr>
</tbody>
</table>

Grading Rubric:

Title Page
Company Name
Company Logo
Company Contact Info
Cumulus Cloud Info
Stratus Cloud Info
Nimbus Cloud Info
Cirrus Cloud Info
Color
